SUMMARY

I'm a passionate and young Software Engineer packing **more than 3+ years** of hands-on experience as a front end developer. Yet willing to work **Full-Time** or **Remote** with backend technologies as well to expand my current skill set. I'm Looking for a challenging environment where I can prove my ability to solve complex problems and bring value to both the customers and the business.

SKILLS

JavaScript | TypeScript | Next JS | React JS | Redux | HTML | CSS | SASS | Tailwind | MUI | Jest
